1

## Fitting Instructions

### Window mounting:

- Please ensure window is clean and free from dust and grease before fitting.
- Place on the windscreen in the desired position, ensuring you are not obscuring the driver's view, or near any airbag, then push down the suction lock towards the suction cup to lock in position.

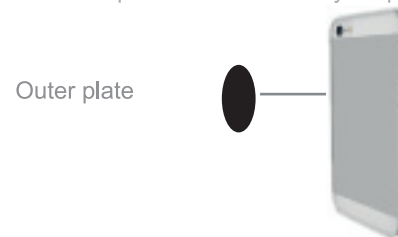

### Adjustment:

- To adjust simply bend the goose neck into the desired position.
- The magnet can be tilted up, down or sideways by simply unscrewing the adjustable swivel nut, moving to the desired position then re-tightening.

2

### How to attach the metal plate.

Please ensure your phone is clean, free from dust and grease before fitting.  
Use the round outer plate on the back of your phone or case.

Use the rectangle plate between your case and phone.

## Warranty

- The condition of this warranty and our responsibilities under this warranty are as follows: the warranty is non-transferable, and is limited to the original purchaser only.
- You must be able to prove the date of the original purchase of the unit with a dated receipt.
- The warranty is not applicable if the product has been subject to physical abuse, improper installation, modification or repair by unauthorised third-parties.
- The liability of the supplier shall be limited to the repair or replacement of the product at its sole discretion.
- Specifically exempt from any warranty are limited-life consumable components subject to normal wear and tear, such as batteries and other accessories.
- The supplier will not take any responsibility if the failure of the unit has resulted from accident, abuse, misuse, or any unauthorised repair, modification or disassembly.
- Modification and repair of this device must be done by an authorised and qualified service centre or returned to the manufacturer.
- This warranty gives you specific legal rights, and you may also have other rights which vary under local law.
