

Parrot[®] MINIKIT Neo 2 HD

A voice controlled portable *Bluetooth*[®] hands-free kit with HD Voice

This MINIKIT Neo 2 HD edition is compatible with HD Voice*, the next generation of voice quality for telephony systems. Make and receive calls whilst driving, without having to handle your mobile phone. Extend the possibilities offered by your kit with the MINIKIT Neo 2 free App for Android and iPhone:

High definition sound quality

The flat panel technology provides crystal clear sound. Combined with a powerful 3W amplifier, it delivers higher quality voice. Digital Signal Processing allows substantial reduction of noise and a strong echo cancellation. Ultimately, the audio quality remains the same regardless of the volume.

All your contacts on your kit

Synchronization with your phonebook is automatic. Say the key word 'MINIKIT' at any time** to trigger the voice recognition, and then say the name of the contact you wish to call. When receiving a call, just say 'Accept' or 'Reject'. Save up to 2,000 contacts to your kit's internal memory. New feature: You can also use the key word 'Hello Siri' with newer iPhone models and use Siri Eyes Free feature to ask your iPhone anything!

Connect two phones at once

The MINIKIT Neo 2 HD features Multipoint, allowing it to connect to two phones simultaneously. Thanks to the Switch function, you can also use both phonebooks to make calls!

Listen to your music

The MINIKIT Neo 2 HD features *Bluetooth* Audio Streaming (A2DP). You can listen to all your music on your phone and benefit from the voice commands of your navigation app directly on your kit.

Free app MINIKIT Neo 2

Enhance your experience with the App Suite for Parrot MINIKIT Neo 2 HD.

- Find your car
- Activate/deactivate Siri Eyes Free
- Activate/deactivate Magic Words
- Auto-reply SMS...

Automatically activated

The kit integrates a vibration sensor to automatically switch on when you get in your car. When you leave the car, the MINIKIT Neo 2 HD automatically enters Ultra Low Power Mode.

Hours of conversation

The MINIKIT Neo 2 HD provides up to ten hours of talk-time. Enjoy six months of standby with Ultra Low Power Mode. The MINIKIT Neo 2 HD will tell you the remaining battery time vocally upon request.

Simple pairing

The MINIKIT Neo 2 HD will vocally guide you through the entire pairing process. Once your phone is paired, the *Bluetooth* connection with the kit is always automatic.

Easy update

Benefit from new features by downloading new software versions for free. To update, just drag n' drop the software file on the MINIKIT Neo 2 HD's folder on your computer.

Compact and sleek design

The MINIKIT Neo 2 HD combines the best of technology in a compact and optimized design. Made of highly resistant plastic, the clip is totally integrated in the design. It is compatible with any sunvisor, whatever the thickness.

* Device & network dependent
